

Daily Edmonton Bulletin.

VOL. III.

EDMONTON, ALBERTA, WEDNESDAY AUGUST 9, 1905

No 133

FIRE AT THE FORT

LIGHTNING CAUSED A BLAZE.

Business Section of the Town Threatened—Prompt Work of the Police Saved the Situation.

Fort Saskatchewan, August 9th.—During the electrical storm last night the newly erected building on Ross street, owned and occupied by Miss M. Kowhal as a dress-making shop, was struck by lightning and in a few minutes the whole building was in flames. Mr. Harry Atkinson who first saw the fire and gave the alarm rushed in and saved some of the furniture. The R.N.W.M.P. boys were soon there with their hose and hand pump and in a very short time had the fire under control and confined it to the one building. The citizens in the immediate vicinity wish to express their gratefulness to the police for their untiring efforts in getting the fire under control. Had it not been for their timely arrival the whole business portion of the town would have been in danger.

SALE OF FUR.

Colin Fraser disposed of his furs yesterday, realizing the handsome sum of \$18,680.33. Lot number one containing twenty-four beautiful silver fox skins as well as a valuable collection of other pelts was bought by McDougall and Secord for \$6900. The next highest bid was that of Mr. Stennett \$6,241.90.

The second lot was bought by Ross Bros. for \$5,062.43, Mr. Stennett being next bidder also in this with a bid of \$4,821.44. The third lot was also secured by Ross Bros. for \$6,717.84, the next highest bid being \$6,475.25 by McDougall and Secord. Six parties in all made offers for the fur, Revillon Bros., Ullman, Henderson, Ross Bros., McDougall & Secord and Stennett, with the exception that Ross Bros. did not bid on the first lot.

BOARD OF TRADE.

The board of trade met yesterday afternoon. The only business of importance that was up was the report of the committee upon the Dowler hill road improvement. The committee reported that after careful examination a grade of not more than four or five per cent could be obtained by deflecting the road to run immediately in the rear of the Gallagher-Hull Co.'s packing house in a straight line from the Mill Creek bridge to the foot of the hill in the rear of Mr. C. Gallagher's dwelling, then to follow the old road, on the bench to the ravine, where a 120 bridge would be required. Mr. Gallagher has offered to exchange the new right of way for the old one, and Mr. S. H. Smith has agreed to give his part of the right of way free of cost.

It is probable that the other property holders could be dealt with on reasonable terms so the committee recommended that the government be asked to make the necessary survey for the new road, make the exchange of right of way with property owners who are willing, and that the subscriptions made towards this road be collected and other necessary steps be taken to have the road opened and the bridge constructed immediately. A grant will be asked from the government to make a first class highway. The report was received and adopted.

WINNIPEG MARKETS.

From the Commercial: Wheat—Today's prices are: 1 northern, 90c; 2 northern, 92c; 3 northern, 82 3/4c; No. 4 extra, 76c; No. 4 wheat, 72c; No. 5 wheat 63c, spot or August delivery and on the option market August closed 96c and October 83 1/2c. All prices are for in store Fort William or Port Arthur.

Oats—No. 2 white, the No. 2 feed grades, 34c; No. 3 white, 33c; No. 3 feed grades, 31c; No. 4 extra, 30c; No. 4 white, 28c; No. 5 white 26c, spot or August delivery and on the option market August closed 36c and October 33 1/2c. All prices are for in store Fort William or Port Arthur.

MANITOBA CROPS

HEAVY AND STANDING WELL.

Director of Dominion Experimental Farms Gives a Hopeful Report of Manitoba Crop Prospects.

Ottawa, August 9.—Prof. Saunders, director of experimental farms, who is on his annual tour of inspection of crops in Manitoba and the Northwest, telegraphs the department here from Brandon as follows: "Brandon, August 7th.—Have seen today the crops from Winnipeg to Brandon. The wheat compared with last year is considerably heavier and standing well. Many fields are beginning to turn yellow. The condition of grain at present is early and late milk, heads are full average length and well filled. Fine warm, ripening weather. If conditions continue favorable crops will be large and harvest begin about the average date. Red dust was noticed in some instances on the leaves, but in no case was the damage severe. Crops on the experimental farm at Brandon are very heavy and promising, but more or less lodged. (Signed) W. M. SAUNDERS."

A VANCOUVER VISITOR.

Mr. Thomas Gibson, representing the Vancouver branch of the Rat Portage Lumber Co., was in the city on Tuesday.

This largest of lumber manufacturing concerns in the East, have now interests on the Pacific coast of almost equal importance, having purchased the extensive Harrison River timber limits, said to be among the most valuable in British Columbia. In addition to this they have a fine spruce limit on Vancouver Island.

This is Mr. Gibson's first visit to Edmonton, and he is very favorably impressed with the evidences of commercial progress to be seen on every side. His opinion is that from its commanding position locally as well as externally, no mistake has been made in its selection as the Albertan metropolis.

Mr. Gibson would like to see a duty put on American lumber and claims that with the conditions prevailing in this industry and likely to remain so in Canada the price of lumber would not be increased to the consumer if a \$2 duty were imposed.

Wherever There's a

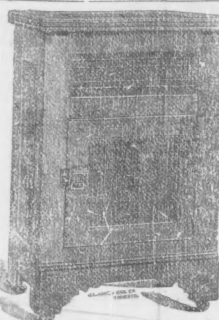

BABY

There will be need for many things which we can supply. Infants' Foods—the very best quality, fresh and pure. Teething, Nursing and Baby Toilet Goods of all kinds.

We spend much time and care in selecting things for baby, and we feel sure every mother in the city will enjoy examining our stocks and will in every case find exactly what she desires.

WEDNESDAY, AUGUST 9, 1905

ALBERTA CROPS

Crop Bulletin No. 17 has been issued by the Territorial Department of Agriculture and from it the following figures are taken. District No. 12 includes Edmonton, Strathcona and Wetaskiwin districts; No. 13, Red Deer, Lacombe and Ponoka; No. 14, Innisfail, Olds and Didsbury; No. 15, "Central" Alberta, or Calgary; No. 16, Lethbridge, Macleod and Pincher Creek.

District 12—	Estimated average	Expected crop.
Wheat	32,938	65,500
Oats	118,963	3,880,000
Barley	14,178	1,279,500
Flax	100	1,500
	195,619	5,246,500

District 13—	Estimated average	Expected crop.
Spring wheat	900	20,500
Fall wheat	500	15,500
Oats	22,698	880,000
Barley	6,233	206,000
	30,331	1,128,000

District 14—	Estimated average	Expected crop.
Spring wheat	500	13,000
Fall wheat	1,365	33,000
Oats	19,205	629,000
Barley	10,189	293,500
	31,259	968,500

District 15—	Estimated average	Expected crop.
Spring wheat	1,247	31,000
Fall wheat	921	25,500
Oats	31,562	1,255,500
Barley	4,880	158,000
	38,610	371,000

District 16—	Estimated average	Expected crop.
Spring wheat	14,711	244,000
Fall wheat	16,771	555,000
Oats	2,730	51,500
Barley	3,212	850,500

Attention should be called to a quite palpable error made in the report of District No. 12 where from 32,938 acres of wheat the expected yield is given as 65,500, or about two bushels per acre. The basis of estimate was probably in the neighborhood of twenty bushels to the acre which would bring the estimated yield of wheat in this district up to some 650,000 bushels and the total estimate to 5,830,000.

These figures of the Department of Agriculture afford some interesting comparisons.

With the exception of wheat, District No. 12 leads every other district in Alberta by a very large margin in every grain crop and if the error referred to be corrected, this exception is removed.

The total estimated yield of District No. 12 is 5,246,500 bushels and of all the remaining portion of Alberta 3,318,000 bushels.

Districts Nos. 12 and 13 which include the country from Red Deer north are expected to produce 6,374,500 bushels of grain, the remaining districts 2,190,000 bushels.

The total fall wheat average in Alberta is given as 2,786 and the estimated yield is 75,000 bushels. District No. 13 is credited with 500 acres which are expected to yield 15,500 bushels. No figures are given of the average and estimated yield of fall wheat in District No. 12. It is a matter of common knowledge that annually increasing crops of this grain have for some years been grown in this district and the average and probable yield for the present year are certainly as large as those of the adjoining district to the south.

EDMONTON'S BRIGHT PROSPECTS.

Mr. J. St. Clair Blackett, of Edmonton, was interviewed by the Winnipeg Free Press. He expressed the greatest surprise at the rapid growth of Winnipeg since his last visit some years ago. He is unstinted in his praise of the pluck and energy displayed by the business people of Winnipeg, of the magnificent city they have built, its great present importance and wonderful future possibilities.

The bustle and energy in evidence everywhere, he thinks, is more characteristic of the large American business centres than of our Canadian cities.

Asked by the reporter in regard to Edmonton and its future, Mr. Black-

ett said he considered it behind Winnipeg as yet in commercial importance, but with a promise to rival it in all but population in the course of a very few years. It occupies an ideal site on the north bank of the Saskatchewan river, and as a natural townsite is surpassed by few cities in Canada. It is today the distributing centre for thousands of square miles of agricultural territory; it supplies that vast territory stretching into the great level land to the Arctic circle; it is the far emporium of the whole northwest country, and the objective point of three transcontinental railways and possibly a fourth. The Canadian Northern railway is building with all possible despatch and expects to be running through trains to Edmonton by October or November next. With the rapid development following railway construction and operation, Mr. Blackett expects to see the growth of Winnipeg repeated again in Edmonton. What Edmonton needs today is capital for the development of the diversified natural resources tributary to the city, as local capital is so largely invested in real estate and business enterprises, that but little can be spared for this purpose. Still considerable is being accomplished, as a local company is at present drilling for the natural gas believed to flow beneath the city. This has cost a large amount of money up to the present, but the stockholders express themselves as satisfied with the results and prospects so far attained and hope to strike a large flow of gas at any time.

"The asphaltum oil oozing from the ground near Big Lake," said Mr. Blackett, "about twenty-five miles northeast of Edmonton, was long a source of curiosity to the oldtimers. Coming to the notice of a California oil expert he gave it careful investigation and fully believes he has discovered a field which gives promise of rivaling in importance the great oil fields of California. The Edmonton Oil Company is at present drilling on this field, and I notice in your issue of yesterday that they had a flow of gas in their well and expected to strike oil at any time. The development of the oil industry will be of the greatest importance to Alberta generally and Edmonton in particular. Oil as an economical and perfect fuel for railways and manufacturing plants is unequalled today among the fuel products of the world as instanced in the extensive use to which it has been put as a fuel in the state of California."

Asked as to his opinion in regard to Edmonton real estate, Mr. Blackett said he considered it a well-located investment. While it is considered high-priced by many people who do not understand the conditions, it is not so in the light of the prospects ahead, while the present owners have discounted the future values to some extent, on the whole they are not far astray and in his opinion desirable business property in Edmonton will be much dearer before it is any cheaper.

CONJURING CREEK

Conjuring Creek, Aug. 3rd.—Conjuring Creek's annual celebration which was held Tuesday last, is now a thing of the past and was the most successful day the Creek has ever had. Much credit is due the committee in charge. Everything passed off very satisfactorily. The day was all that could be desired. Although the first part of the day was a little cloudy the afternoon was much brighter though cool. Towards noon rigs from the surrounding country and Ladus arrived in good numbers, so that 97 the time the programme was called there was a good large crowd. Music for the day was furnished by Bush's orchestra. J. A. Sangster had a refreshment stand. Swings and merry-go-rounds were much enjoyed by the younger folks. The new race track was in good shape. Mr. W. Wilkerson had a nasty fall through his horse bolting and running against a small poplar tree but was not seriously hurt.

The following is a list of events: Horse race, free for all—1st, Simon's Dick; 2nd Black's Grey.

Pony race—1st J. Sangster's Rocky; 2nd B. Blomson's Fly.

Water-pail race (open)—1st W. Wilkerson; 2nd D. Buckell.

Water-pail race, boys to carry four inches, others five and a half—1st H. Hamilton.

Boy's race, under 12—1st Frank Hamilton; 2nd Emil Anderson.

Girls race, 50 yds—1st Zeck's Fredrickson; 2nd E. Foss.

Standing long jump—1st B. Hamilton; 9 ft. 3 1/2 in; 2nd C. Stout; 9 ft. 3 in.

100 yds handi-cp—1st N. Tweedy; 2nd A. Law.

Backwards jump—1st D. Buckell; 6 ft. 8 in; 2nd N. Tweedy; 6 ft 6 in.

Standing high jump—1st N. Tweedy; 2nd C. Stout.

Running high jump—1st F. BIP; 2nd N. Tweedy and D. Buckell, equal.

75 yds Ladies race—1st Florence Menloso; 2nd Emma Fredrickson.

Pole race—1st D. Buckell; 8 ft. 2 in; 2nd C. Stout; 7 ft. 11 in.

Three-legged race—1st Buckell Hamilton.

Baseball line up—"The World" T. F. Bill; C. L. Aiche; p. W. Bush; 1st b: L. Blades; 2nd b: N. Tweedy; 3rd b: A. Bush; C. Howard; R. Smith.

Wakefield, Conjuring Creek—J. Bush; C. Buckell; p. Launder; 1st, Middleton; 2nd, Stout; 3rd, A. J. Law; 4th, W. Kennedy; 1st, Harris; 1st, W. Stager; C. L.

PEMBINA NEWS

Pembina, River, July 15.—Mr. H. Hamilton from Montreal has decided to start a general store on the north side of the river, on Ross' place. He intends furnishing traders going north.

Everything looks fine here now as we are having lots of rain and new settlers are coming in every day. There are about 15 settlers out on the Athabasca river. One month ago there was no one there. There is 40 miles north of the Pembina.

Men are working on the road opening it up to Slave Lake. We expect a large traffic through here next winter. Paul Ross is putting up more buildings and getting ready to accommodate the travellers.

ROSE RIDGE.

Rose Ridge, August 3.—School has reopened for the term.

Everybody is busy laying. Mrs. Jno. MacNamara of Riviere Qui Barre is visiting under the parental roof this week.

Mr. Sidney Leary of Fernie, B. C., has returned on a visit to friends here.

Mr. Maurice O'Brien took a wheeling trip through Rose Ridge to look at land.

Miss Nellie Kinsella of Riviere Qui Barre, who has been visiting here for the past two weeks, has returned home.

Mr. Mike Kelly of Edmonton drove through here last Wednesday and expressed himself highly pleased with the country.

The Riviere Qui Barre ball team came to Rose Ridge last Saturday evening and were defeated by a score of 17-6. After the game Mr. Roy Spencer and Mr. Thomas Flynn entertained the team and their friends and spent a most enjoyable evening.

Mrs. Shields and Mrs. Dr. Tierney of St. Albert, called on friends here last Monday afternoon.

Mr. J. H. McVicker and Mr. N. F. Flynn returned last Saturday from a week's visiting at Lac St. Anne.

INDEPENDENCE

Independence, August 7.—Last Monday the Methodists of northern Independence met and spent the day in clearing off the grounds for a cemetery. About forty-six people assembled and together spent a very enjoyable day, besides working hard, which was proved by the space cleared, something over an acre. The women were there in full force, and besides providing a good dinner, did their share of the work. Rev. Teller from the Pembina, who holds services in this neighborhood, favored us with his presence by remaining over Monday.

Mr. John Dorsey has just returned from town with furniture for the new school, which has recently been erected in Advance district.

We are pleased to welcome to our neighborhood several new families, who have moved in during the past few months.

Tom McMillen has, during the past week, erected three fine log buildings, a house and two barns.

F. Rhode is putting up buildings on his homestead and intends to move in soon.

Independence celebrated the 4th this year with over three hundred present.

PALMISTRY
WINDSOR HOTEL

HERE
ONE
WEEK
ONLY

Madame Bayla

Franco's celebrated scientific and psychic palmist known all over Europe and America, patronized by royalty and peerage, will give readings of the hand at the Windsor Hotel, one week only. No one should miss the opportunity of ascertaining about all that pertains to their welfare and happiness. In your hand is written the history of your life. What you are! What you can be! What you may be! Shown by the masterful science of palmistry as practiced by Madame Bayla.

The elite of England, Germany, Russia, Italy, and other European countries are still speaking of her strange revelations. Strange, wonderful, but true. No matter what may be your fear, hope or ambition consult this wonderfully gifted Psychist, Palmist, the only one in this country that has professionally appeared before the scientists and medical faculties of Europe. Your life read from cradle to grave. Business, marriage, success, health, wealth, etc.

Hours, 10 a.m. to 9 p.m.
Her charges are very reasonable.
Remember, one week only.

The Balance
Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 3,538 miles in a year and requires less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

CRETAN TOWN BOMBARDED

Canea, Crete, August 9th.—The Russian gun-boat Krabry bombarded and destroyed Castelli on the north coast of the Island of Crete because the insurgents there opposed the landing of a Russian force to take over the custom's house. A boat party sent from the Krabry was repulsed.

ROOM IN CANADA

London, August 9th.—W. T. R. Preston, at London, before Balfour's immigration commission, advised that all immigrants to Canada try a year's farming experience before taking up a farm on their own account. He assured the commission that Canada could easily absorb a quarter of a million settlers annually and was warmly thanked by Lord Tennyson, chairman of the commission.

NATIONAL ASSEMBLY ARRANGED

St. Petersburg, August 9.—The National Assembly project has been finally approved at Peterhof and will be promulgated Saturday, the anniversary of the birth of Grand Duke Alexis Nikolaevitch heir to the Russian throne.

PORTUGUESE VILLAGES BURNED

Berlin, August 9.—Revolted native tribes in German Territory have burned villages in Portuguese jurisdiction and massacred the inhabitants.

LIGHTNING BURNS A BARN

Delaware, N.M., August 9.—A severe thunderstorm passed over here last night. The barn of R. Day was struck by lightning, two horses killed and the building burned.

LEAGUE GAMES.

Winnipeg, August 9.—Baseball games:—Crookston 4, Winnipeg 3, first game; Crookston 9, Winnipeg 2, second game; Fargo 6, Superior 1; Duluth 13, Grandforks 5.

YELLOW FEVER RECORD.

New Orleans, August 9.—The Yellow fever cases to date number 629 and deaths 120.

CANADIANS IN HARD LUCK.

Ottawa, August 9.—In a private communication to the Department of Trade and Commerce Canada's agent states that he has seen much destitution in South Africa undergone by Canadians out of employment. Work he says is difficult to obtain and hundreds of natives are on the verge of starvation. Many Canadians have applied to the office of the commercial agent for relief.

WEATHER.

Maximum	84
Minimum	57
Noon	70
Barometer	29.82

—There was nothing doing at the police court today. Everybody is apparently attending to his or her own business at present and there is no grist for the justice mill to grind.

Tenders for a License to Cut Timber on Dominion Lands in the District of Alberta.

SEALED TENDERS addressed to the Timber and Mines Branch, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 1235," will be received at this Department until noon on Wednesday, the 13th day of September, 1905, for a license to cut timber on Berth No. 1235, situate in the District of Alberta, on the southerly side of the Athabasca River, commencing at the junction of the McLeod River with the said Athabasca River, thence up said Athabasca River 3 miles in direct distance with a depth of 1 mile on said southerly side thereof, also to include the islands in River opposite same. The upper boundary to be drawn at right angles to the general bearing of the River within the berth and the lower boundary to be the said McLeod River, containing an area of 3 square miles, more or less.

The regulations under which this license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

No tender by telegraph will be entertained.

PERLEY G. KEYES, Secretary.

Department of the Interior, Ottawa, July 28th, 1905.

Workmen Remove a Sarcophag Pillar and a Huge Departmental Store Tumbles in Ruins Burying 300 Women and Children.

Albany, August 9.—300 men, women and children were buried in the wreck of a departmental store here yesterday caused by workmen removing a pillar in the basement underpinning Myer's big departmental store. Over one hundred people, principally girls, have been removed from the wreck, but the rest of the bodies are still under. They have been there now twenty-four hours, and no hope of rescuing them alive remains. Many of those rescued are horribly mangled and many will die. The workmen were Italians.

CUTTING WHEAT AT STONY PLAIN.

Stony Plain, August 8th.—What's the matter with Stony Plain? Fred Schroeder began cutting barley on July 28 and is now hard at work. In his wheat fields, H. N. Bailey also had his new Massey-Harris binder set up by Miller Bros., Stony Plain, and began cutting his wheat yesterday. Both of these gentlemen speak in the highest terms of our country. Many of our farmers are ready to cut their grain and wheat cutting will be general next week. We have every prospect for a bumper year and farmers are jubilant.

PERSONAL

Hon. F. Oliver came in from Ottawa yesterday.
N. White, of Fort Saskatchewan, was in town today.
Mr. D. McNamara left yesterday for Portland, Oregon.
Mrs. Spice returned to her home at Lacombe this morning.
Mr. and Mrs. A. E. Jackson, returned from Winnipeg yesterday.
Mr. Alex. McKinnon, of the city offices, went down to Lacombe this morning.
Rev. Father Dozols, of Liege, Belgium, Visitor General of the Oblate Fathers in the diocese is at the St. Albert retreat.
Rev. Father Garnier, parish priest of Vegreville, and his assistant, came into the city yesterday and went out to St. Albert.
Miss Laura Moyer, who has been visiting her sister, Mrs. E. N. Butchart on First street, returned to Innisfail this morning.
W. A. Dehl returned yesterday from a trip to Indianapolis and Montreal in the interests of the United Brotherhood of Carpenters and Joiners.
Rev. Leonard Dawson, formerly rector of Regina, who has been the guest of Gov. H. A. Gray, in this city for a few days, left yesterday for an extended trip to England.
Rev. Father Lacoste, vice-rector of the Ottawa University, and Father Lemarchand, of St. Mary's church, Calgary, came in on yesterday's train and went out to St. Albert last evening.

LOCAL

—Despite the threatening weather the lawn social given on the lawn of Mr. and Mrs. C.E. Morris' home Namsay Avenue in aid of Grace Church last night was well attended and quite successful.

—The annual exhibition of the Fort Saskatchewan agricultural Association is being held at the Fort today. Quite a number went down from the city to attend.

—The Edmonton football team went to the Fort today to play at the fair.

—Mr. C. F. Neff, expert auditor, who has been working on the city accounts, left for California this morning where he has some work to do. He will go from there to Toronto where he will prepare a report on the condition of the accounts here and make some suggestions as to the future book-keeping of this municipality.

ALBERTA RAILWAY AND IRRIGATION CO.

Railway and Shipping World:—The railway lines taken over by the company include the Alberta Ry. and Coal Co's line from Lethbridge to Court's, Alta., 36 miles, and the St. Mary's River Ry., which starts at Stirling, 19 miles from Lethbridge, and extends to Cardston, 45.77 miles. It was opened for traffic from Stirling or 34 miles, May, 1902, and to Cardston at a later date. Under the charter of the St. Mary's River Ry. the company has power to construct lines to any point in range 1, west of the 5th meridian, from any point between Spring Coulee and Mountain View, westerly to the C.P.R. between range 2 west of the 5th meridian and range 27 west of the 4th meridian, from Stirling easterly to range 4 west of the 4th meridian between the C.P.R. and the International boundary. The mileage of these extensions is undetermined as they are branch lines not exceeding 15 miles in length in any one case. An extension of 16 miles from Bailey Junction to Kimball, and thence to the International boundary, seven miles, has been authorized. The St. Mary's River Ry. was constructed as a narrow gauge railway, but a third rail was laid down about three years ago from Stirling to Raymond, to accommodate the standard gauge traffic in the west sugar factory zone. The entire line is now being made standard gauge.

CENTRAL ALBERTA

Commercial: Your correspondent a few days ago drove out through the farming districts to the north of Edmonton, with a view to obtaining information as to crop conditions, more particularly in regard to fall wheat. One has to drive through the farming settlements about Edmonton to understand what makes the city grow as fast as it is doing. The explanation is apparent when one sees the wonderful fertility of the soil, as evidenced by the rank growth of vegetation everywhere visible, the magnificent crops growing in the fields and the density of the country population. The crop was found to be in splendid condition, and it is hard to conceive of any circumstances which could now arise to prevent a thoroughly satisfactory crop being safely harvested throughout this district. It was thought that the storm of Sunday last had done some damage, but in a drive of twenty-five miles not a single square yard of grain was noticed to be lodged. As the fall wheat seen was in very fine condition, and a first class crop is promised, though the yield will not be phenomenal, it is expected that the yield will average from thirty to thirty-five bushels to the acre. While ripening has been delayed by the frequent heavy rains in July, it is thought that with reasonably favorable weather for the future, fall wheat should be ready for the harrow about August 10 or 15.

Spring wheat, while not quite so far advanced, gives promise of a splendid crop. The fields seen were strong and even, and well headed. While some fields of oats are somewhat late, others are well advanced, the straw is heavy, and the heads good, and a crop above the average is assured. Barley appears to be uniformly good crop, is well advanced, and should turn out remarkably well from the threshing.

There promises to be a vast increase in the acreage of fall wheat in the Edmonton district, or Central Alberta as it will now be known. A few years ago it was not thought that fall wheat could be grown here; but a few of our farmers tried it and found it an unqualified success, affording encouragement to a few others to try it. This year there will be harvested in this neighborhood perhaps five hundred acres of fall wheat, on about forty different farms. So far as can be learned the crop is entirely satisfactory in every way. It is a matter of great importance that our farmers should awake to the full significance of the fact that fall wheat is one of our most successful crops. While the matter of drought is not a factor, as there is always ample rainfall on the rich lands of the Saskatchewan Valley or Central Alberta, the fact that winter wheat matures earlier than the Red Fyfe variety, which has been the principal crop heretofore, is of very great importance. The anxiety that is felt throughout the entire West when the Red Fyfe wheat is grown, owing to the narrow margin of time between the ripening of spring wheat, and the advent of frost, is eliminated by the introduction of fall wheat.

C. H. GIBSON,

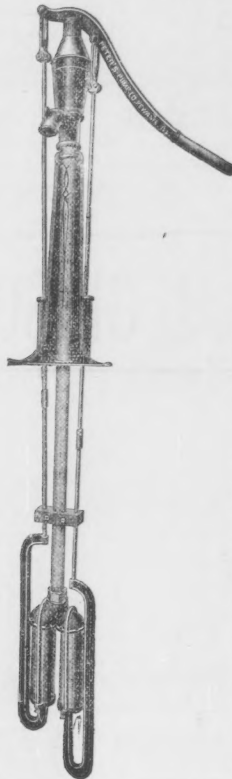

REAL ESTATE BROKER, EDMONTON.

Ross Bros. Limited

ROSS BROS. Limited, are the Sole Agents in Edmonton for the Celebrated

Peters' Pump

Peters' Double Cylinder
Force Pumps

The annexed cut represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor in pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet.

Its durability is far superior to any other pump for the following reasons:

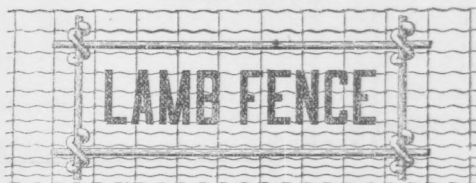

- 1 It has solid brass cylinders which do not wear out the leathers.
- 2 The cylinders being at the bottom of the well never lose their priming.
- 3 It has chilled valve seats which neither rust nor wear.
- 4 The leathers used for plungers and check valves is the very best obtainable.
- 5 It has no stuffing boxes.
- 6 The cylinders are stationary, working nothing but the plunger valves.
- 7 It having double the capacity of any other pump, requires but half the labor.
- 8 The pipes and rods used are all galvanized.

This pump can be fitted for six-inch bored wells with our special double cylinder.

We keep this pump in three different sizes as follows: 3 1/2 in. cylinders for 1 1/2 in. pipe, for stock wells up to 25 feet deep. 3 in. cylinders for 1 1/4 in. pipe, for stock wells up to 35 feet deep. 2 1/2 in. cylinder for 1 1/4 in. pipe, for stock wells up to 50 feet.

The capacity of our double cylinder pump is as follows: 3 1/2 in. double cylinders, 1300 Gal. per hour. 3 in. double cylinders, 1000 Gal. per hour. 2 1/2 in. double cylinder, 700 Gal. per hour.

In Woven Wire Fencing we handle the well known
LAMB FENCING.

This Fence is made from the best hard steel galvanized wire, and is kept in 20, 30, and 40 rod rolls in sizes 24", 30", and 50" high. Any person can stretch this wire into place, and its staying qualities will withstand the greatest strain that can be brought against it. In its weaving it is expanded to its greatest tension, consequently it will not contract or expand on the posts. We also have it in ornamental style for front fences, gates to match.

Not expensive, though best in quality. Absolutely weather-proof, always ready for instant use. Requires no paint—nothing but a hammer to lay it. Tin caps, nails and cement for seams furnished without extra charge.

Write for illustrated booklet, gladly mailed upon request.

THE Paraffine Paint Co.
MAKERS OF SATISFACTORY ROOFING

24 SECOND ST., SAN FRANCISCO, CAL.

OUR
MALTHOID ROOFING

is giving splendid satisfaction wherever used.

It is easily put on. Is a sure water shedder, and anyone can put it on. No expensive tools needed, just a hammer, that's all, as the nails, caps and cement go with every roll. It is put up in rolls of two hundred square feet (2 squares to the roll) and we keep it in one and two ply. Some of the best buildings in Edmonton are covered with this roofing.

LACROSSE GAME.

The lacrosse match at Strathcona last night was a one-sided game all the way through. The home team literally played rings around the Iroquois. The result never was in doubt for a minute: It was only a matter of how many goals the Strathcona's could score.

It is a clear case of the team across the river improving with hard practice, while the Iroquois are becoming decidedly rusty. They can play lacrosse, but they didn't seem to be even able to try last night.

The first goal was scored by Carmichael for Strathcona, three minutes after the ball was faced off. For the rest of the quarter it was played around Edmonton's goal.

In the second quarter the game was only on two minutes when Carmichael scored a second goal. Time was called with no further score, but the ball was always near the Edmonton goalkeeper's net.

In the third quarter nothing happened in the way of goals, but it was a holiday for the Strathcona defense.

In the last quarter darkness came down upon the land, and by the dim struggling light of the stars Kent scored again for Strathcona. The ball was shortly afterwards thrown off into the night and the game remained unfinished, though there was no doubt about which side was winning. D. Corbett acted as referee and satisfied even Strathcona. There was the usual mix-up for a few minutes but it was a comparatively clean game. The line-up was as follows:

IROQUOIS		STRATHCONA	
Harper	goal	Mulvey	goal
Perrin	cover point	Leask	point
Morris	first defence	Cameron	first defence
Glass	second defence	Richards	second defence
Blissett	third defence	Main	third defence
McQueen	centre	Blissett	centre
Cook	third home	Campbell	third home
Harford	second home	P. Main	second home
Tamm	first home	Kent	first home
Milne	outside home	McKernan	outside home
Harris	inside home	Carmichael	inside home
Thompson			

LACROSSE SERIES.

The series of six games of lacrosse between Edmonton and Strathcona ended last evening. The first game played in Edmonton, on June 6th, resulted in a tie, the score being 1-1. The second game played, at Strathcona, on June 20th was won by Edmonton, score 3-2. The third game on July 13th, at Edmonton, was a win for the Iroquois, score 1-0. The fourth, on July 25th, at Strathcona, was also won by Edmonton, score 3-1. The fifth at Edmonton, on August 1st, was won by Strathcona, score 3-0. The sixth at Strathcona last evening was another victory for Strathcona, with a score of 3-0.

The result of the series is, therefore, in Edmonton's favor, the Iroquois having won three games while Strathcona has only two victories to her credit. The general impression is that this ends lacrosse for the season.

LOCAL

—Prof: Fine today and Thursday, moderately warm.

—The last edition of the Kootenay Mail was an illustrated special railway number.

—A good deal of real estate is changing hands these days and prices are keeping up well.

—The Bulletin called for the sprinkling cart yesterday, and the dust was laid beautifully last night.

—A meeting of the central committee for the inaugural celebration will be held in the council chamber tonight at 8:30.

—A gang of men are busy grading Victoria street from Twelfth street west. They have the work done as far as Fourteenth street.

—The balance of Brodie and Cornwell's furs, three wagon loads, arrived in the city last evening about five o'clock. They are being opened and prepared for sale.

—Since the first of March permits have been issued for buildings to the value of \$370,000 in this city. The amount may reach the half-million mark before the end of the year.

—Mr. Ben. Hursell, of Fort Smith arrived in the city last night. He is bringing out quite a quantity of furs which he expects to reach the city some time today.

—Hon. N. F. Hackett, whose visit to Edmonton on the 17th inst. was announced yesterday, is president of the C. M. N. A. and is visiting the branches throughout the West.

—Mr. H. Down has sold lots 209 and 210, block 2, being the southwest corner of Third and Athabasca streets, to the A. A. McDonald Co. The company purpose erecting a large wholesale warehouse on the property.

—The Young Men's Evangelistic Union will hold its first meeting under the new organization on Sunday evening next at 8:15 in Sandison's hall. The young men of all the city churches are cordially invited to attend.

—A heavy thunder shower fell last night. There was a very light fall of hail, but nothing to do the slightest damage. The rain will help the ripening crops to fill and a better sample of grain will be the probable result.

—L. O. L. No. 1791 met in regular session last night. Wm. Greener presiding. There was a fair attendance in spite of the threatening weather. Geo. Goodman was elected Secretary and H. B. Hunter, Chaplain to fill vacancies which had occurred in these offices.

—Sergeant Butler, of the N.W.M.P., of Peace River, came into the city last night. The sergeant is going on to staff for a holiday. He reports the crops at Peace River the best ever grown in that country. Mr. G. Allen brick cut spring wheat on July 31 in that district. The crops are now good. Lesser Slave Lake, but somewhat later than in the Peace River district.

—The C. P. R. is purchasing options on the right of way to the end of the proposed high level bridge, options to expire September 1. Mr. W. A. Griesbach has received \$160 on account of the purchase of his lot. Options on the property on the Strathcona side which were taken some time ago, expire also about the first of next month, so it is probable the company will take some definite action before that time.

—It was hoped that the new series are lights might be installed on the streets before September 1st, but it looks now as if that would be impossible. The lamps and transformers purchased from the Westinghouse Co., of Pittsburgh, have arrived, but the wire bought from the Canada General Electric Co., of Peterboro, has not yet arrived. It was shipped something over two weeks ago, but it is not likely it will reach the city in time for the lights to be put in during this month.
